

## I N T R O D U C T I O N

*Now you can live longer.*

Congratulations on the purchase of your Preventive Healthcare package & membership into our comprehensive annual health-screening programme.

As the saying goes "Prevention is better than Cure"; prevention remains the best & most important form of Healthcare but despite our best efforts, illness is an unpredictable fact of life.

Increasingly modern & fast paced lifestyles add to a growing list of such illnesses & other health concerns. Regular screenings are vital to detect any symptoms of diseases at the earliest of stages allowing the right course of action to be administered immediately. Thus diagnosis, as early as possible, allows us to act where prevention has failed.

At Preventive Healthcare, we are committed to maximising your access to a better & healthier lifestyle. We look forward to a long term & prosperous relationship with you!
